Text To Wave

This is an electronic function keyboard macro software tool. It allows you to turn a Mac into a programmer's workstation. Choose your favorite language - English, French, German, Spanish, Portuguese, Polish, etc. No longer spend hours on creating a simple shell script to automate your command line tasks. Start using your Mac to write programs. Select and run frequently used commands. Change keyboard layouts, switch between applications and enjoy a lot more. You may use any additional options you would need for your programming purpose. The code editor is ready for your needs. You just need to type in the script by hand and select it for execution. It is very easy to use. Choose your text editor application - TextMate, emacs, vi, Notepad, etc. Add keystrokes by hand. You may use powerful function and syntax combinations. You may use your favorite programming language syntax. Add keystrokes by hand. You may create a keyboard shortcut to easily invoke your favorite function. Keystrokes can be recorded. Many of the recorded functions are scripts. It is a great tool for programmers or people who use the command line. Add keystrokes for

mouse actions - download, cut, paste, save, e-mail, change display mode, menu commands, etc. 1. Add keystrokes for mouse actions. 2. Add keystrokes to the right side of the "Apple" button. 3. Add keystrokes to control the mouse pointer. 4. Choose your text editor - TextMate, emacs, vi, Notepad, etc. 5. Add keystrokes for mouse actions. 6. Control the mouse pointer with a keystroke. 7. Add keystrokes for menu commands. 8. Control the menu interface. 9. Add keystrokes for display mode changes. 10. Choose your favorite script language. 11. Add a macro to a script. 12. Select the macro for running.

KEYMACRO Lite Description: Easy and fast write once script tool. It is designed for people who already have basic knowledge in scripting languages. You don't need to spend long time on learning basic programming to use this program. You don't need to create any complex code. This application is easy to use, very fast and powerful. Keystroke macro is great for people who already have basic knowledge in scripting languages. Add keystrokes for mouse actions - download, cut, paste, save
